

GPS / SAT NAV Coordinates for UK Locations

by Chris Orcutt, Writer

NOTE: The following are the *exact* GPS/SATNAV coordinates for a number of hotels, historical sites, car parks and other locations in the UK that I visited in October 2013. Particularly useful, in my opinion, are the coordinates for the car parks (parking lots) and the Park & Rides. I strongly advise you *not* to drive into cities in the UK; wherever possible, use a Park & Ride facility. I used them for the cities of Winchester and Bath, and they proved invaluable and convenient.

KEY: ! to !!! = Excellent to Incredible; :(= Terrible and/or Poor Value; :(:(= Abysmal
